constantine was the first roman emperor to convert to christianity the book explores the emperor s image as conveyed through literature art and architecture and shows how constantine reconciled the tradition of imperial divinity with his monotheistic faith it demonstrates how the traditional themes and imagery of kingship were exploited to portray the emperor as the saviour of his people and to assimilate him to christ this is the first book to study simultaneously both archaeological and historical information to build a picture of the emperor s image and propaganda it is extensively illustrated provided by publisher

the centuries just after the norman conquest are the forgotten period of english literary history in fact the years 1066 1300 witnessed an unparalleled ingenuity in the creation of written forms for this was a time when almost every writer was unaware of the existence of other english writing in a series of detailed readings of the more important early middle english works cannon shows how the many and varied texts of the period laid the foundations for the project of english literature this richness is for the first time given credit in these readings by means of an innovative theory of literary form that accepts every written shape as itself a unique contribution to the history of ideas this theory also suggests that the impoverished understanding of literature we now commonly employ is itself a legacy of this early period an attribute of the single form we have learned to call romance a number of reading methods have lately taught us to be more generous in our understandings of what literature might be but this book shows us that the very variety we now strive to embrace anew actually formed the grounds of english literature a richness we only lost when we forgot how to recognize it
